**Pulse sensor**

The diagram illustrates the wiring for a pulse sensor. It features a USB to UART bridge module (LUS6) connected to a MAX3232CPEP module. The MAX3232CPEP module is connected to a TCR2EF18LM(CT) module. The TCR2EF18LM(CT) module is connected to a USB to UART bridge module (LUS6). The LUS6 module is connected to a USB to UART bridge module (LUS6). The LUS6 module is connected to a USB to UART bridge module (LUS6).
